TO THE RIVER VALLEY COMMUNITY.

REF: APPRECIATION FOR THE ITEMS  
YOU BROUGHT FOR US.

I am gratefully appreciating you for the good properties you brought for us. For sure now we are living a happy life concerning education. You brought for us the lighters which are helping us to revise without any problem, laptops which can store well our records of work and results, Bibles which help us to know God more than we knew him and live peacefully, books which help us to improve on our vocabulary and pass well and the projector which helps to study in a standard way.

We now don't find any difficult like lacking books for reading, revising in dim light so we are really thankful for the great work you are doing to put us on a higher standard. We are now very fine and okay.

I pray that may the mighty God bless you abundantly and provide all your heart's desires for us. May His love continue to flow in you as it is doing and always still remember us like this time.

May God bless and be with you.

Yours faithfully,

~~UBALISA~~
